

UPWARDS Summer Camp for WOMEN

Presented by Tokyo Electron

About this program

Come stay at Tokyo Electron (TEL)'s 'Tokyo Electron Karuizawa Club' for a 3-day summer camp to learn more about semiconductors! We welcome all Tohoku University students that are women in STEM programs and interested in semiconductors.

Program Dates

Learn from TEL Employees	Learn from a Factory	Learn from Friends

August 20 (Tues) – August 22 (Thurs), 2024

We plan to meet at Karuizawa Station on the morning of August 20 and conclude the event after lunch on August 22.

Details of the schedule will be sent to participants once the final participants are decided.

Location

Tokyo Electron Karuizawa Club
20-95, Nishidaira Nagakura,
Karuizawa-machi, Kitasaku-gun, Nagano
※Karuizawa is located approximately 2 hours from Sendai by bullet train.

Program capacity

Up to 3 students can participate per university with a capacity of 33 people for the program in total.

*Faculty members may apply if there are any openings after the application for students close. Please note that the faculty member must also be female and there may not be any openings depending on the number of student participants.

Eligibility Criteria

To be eligible for this program and sponsored by Tohoku University, you must be a student that is currently enrolled at Tohoku University and a woman in STEM with a reasonable level of Japanese and English*.

*This program welcomes 'women in STEM' students from all nationalities, however, please note that there is a possibility the program and group work will be conducted in both Japanese and English.

Participation fee

The participation fee will cover the cost of accommodation, meals*, round-trip traveling expenses, activities, etc. Tohoku University will sponsor and cover the cost of this program for participants.

*Please note that breakfast is only offered on Aug 21 and 22, and dinner is only provided on Aug 20 and 21. Lunch will be provided all 3-days of the summer camp.
